## Y. M. C. A. ELECTION

### New Officers Chosen for the New Year.

The annual meeting of the Y. M. C. A. was held last evening in the Association parlors, when the election of officers and directors for the ensuing year took place.

President, C. J. Day; Vice-President, Clifton H. Tracy; Recording Secretary, W. M. Templeton; Treasurer, F. C. Atherton.

C. H. Cooke was elected a trustee in place of B. F. Dillingham, resigned.

The new directors were F. C. Atherton, C. H. Tracy, Prof. Edgar Wood, Jess Dutet.

The celebration of the thirty-fifth anniversary of the Y. M. C. A. will take place on April 28 at the Y. M. C. A. hall when the annual reports will be presented.

Much of the discussion of the meeting was devoted to a survey of the financial situation of the Association, and the best method of obtaining new members. The question of \$5 and \$2 memberships was discussed at length, some favoring an increase in the larger dues and others a medium between the two. The question as to how best to collect dues was broached. Some thought a good plan would be to collect monthly as is done by the boat clubs and other organizations. No definite understanding as to what plan to follow was adopted.

### WEDDING AT THE PORTUGUESE CHURCH

Last evening, long before the appointed time, the Portuguese church, at the corner of Miller and Punchbowl streets, was filled by the many friends who gathered to witness the marriage of Miss Mary Melim and Mr. George Madeira.

The church was artistically decorated in green and white, malle and daisies predominating. Promptly at seven o'clock to the strains of Mendelssohn's wedding march, beautifully rendered by Mr. Julius Freitas on the violin, with organ accompaniment by Mrs. J. D. Marques, came the bridal party, taking their places at the altar, where Rev. A. V. Soares performed the ceremony.

Miss Louisa Melim, sister of the bride, acted as maid of honor, and Mr. J. D. Marques attended the groom. Miss Angella Gilliland and Mr. Charles Gilliland also figured prominently as attendants. Two little girls, Bella Madeira and Olga Tranamada very successfully marked out the bridal path with beautiful white ribbons.

Immediately after the ceremony the bridal party and invited guests repaired to the future residence of the newly wedded couple at the "Nonpareil" on Beretania street, where a reception was held. The presents were numerous and valuable.

Miss Melim was until recently a pupil in the High School and Mr. Madeira is in the employ of Messrs. H. F. Wichman & Co., Ltd., where he is held in high esteem, if one may judge by the elegant and substantial tokens of appreciation both from the company, and from his associate employees.

The congratulations and best wishes of all go with the happy couple.

The "Louvre Cafe" with all furnishings and fixtures will be sold at public auction today at 10 o'clock. Sale will be conducted by Will E. Fisher and will take place on the premises, Hotel and Union streets.

## VETO READY FOR THE BAND APPROPRIATION

Governor Carter has prepared a message vetoing the appropriation for the band item, although he has not determined to send the message to the Legislature. One other item is included in the message which has been written, although the Governor has not definitely decided as to his final action.

The appropriation bills are being held for the closing days of the session. This is done, in order that the various appropriation laws may be printed in consecutive order, instead of being scattered all through the statute book. The chief objection to the band item is that it is not a necessity. The band was not included in the original estimates sent to the Legislature and the appropriations made exceed the rec-

## MEHEULA'S TRIAL WAITS

### Put Off Until Friday Owing to Counsel's Detention.

Solomon Meheula's trial for destroying vouchers of the House of Representatives, while holding the office of secretary of that body, was set at last term for Monday, April 18, in the United States District Court. When called yesterday morning, the trial could not proceed on account of the absence of defendant's counsel, C. W. Ashford, who was engaged in defending Man Chong, for murder before Circuit Judge De Bolt. A postponement was ordered until 2 p. m., when Judge Dole further postponed the trial until Friday morning. J. J. Dunne appears for the United States.

Several Japanese defendants pleaded guilty to various charges and their sentences were continued until Friday.

There were only twelve trial jurors in court, the remainder of the panel having been individually excused. Of the twelve appearing, one was found not qualified. Judge Dole ordered a special venire for 13 additional jurors.

The trial of Torakichi Shoda for unlawful importation was set for Wednesday.

### JAMES LOVE WANTS HIS PROPERTY

James Love has instituted suit, through H. E. Highton and J. J. Dunne, against James Love, Jr., Annie K. Hart and the Waterhouse Trust Co. for the revocation of a trust deed executed to the last named defendant. After reciting the various trust deeds he had signed during recent years, the complainant says that the trust deed given to the Waterhouse Trust Co. was executed without any consideration whatever paid to him by the defendants, James Love, Jr. and Annie K. Hart, and without any intention that the trust should be irrevocable. On the contrary, the complainant says that the trust was executed with the understanding that it could be rescinded at any time, and that he was never informed that the trust deed was irrevocable. The complainant further says that the Waterhouse Trust Co. collected rents from his property, and that the company also received the sum of \$4250 due upon the mortgage of Y. Anin, which said company refuses to pay to plaintiff, except the income therefrom. It is further alleged that James Love, Jr. and Annie Hart claim that the trust given August 29, 1901, is irrevocable and that he is entitled only to the interest from his property. He charges also that they have refused to recognize leases made by him and also interfere with the erection of permanent improvements upon his leased land, and also threaten litigation thus depreciating the value of his property.

In conclusion plaintiff asks for the cancellation of all his various trust deeds and for an accounting with the Henry Waterhouse Trust Co.

**WHOOPING COUGH.**—This is a very dangerous disease unless properly treated. Statistics show that there are more deaths from it than from scarlet fever. All danger may be avoided, however, by giving Chamberlain's Cough Remedy. It liquefies the tough mucus, making it easier to expectorate, keeps the cough loose, and makes the paroxysms of coughing less frequent and less severe. It has been used in many epidemics of this disease with perfect success. For sale by All Dealers and Druggists. Benson, Smith & Co., Ltd., Agents for Hawaii.

## MAUI CIRCUIT COURT AFFAIRS ARE TIED UP

The summary retirement of Judge Kalua as Judge in the Second Circuit has left court affairs on Maui in a very unsettled condition. Kalua does not like the suddenness with which he was removed and he is talking now of joining the Home Rule party.

When Kalua postponed all cases to June 6th upon receiving news of his early retirement, he left considerable court business in an unfinished state. A number of important cases had been heard by the court and a decision rendered, but the judge had not signed the final order. His removal now makes his signature valueless.

In one case in particular an important matter had been decided after a trial lasting three days. Kalua had before him a motion for a new trial upon which he was ready to pass. He had not given his ruling when President Roosevelt's order was received and now the case will have to be tried in another circuit. Judge Kepoikai was a witness in the case so is disqualified from hearing it, and a ruling cannot be given unless a complete transcript of the case is placed before some other judge.

## PELE IS REPORTED TO BE STIRRING UP MAUNA LOA

Smoke is reported to be pouring out of the crater of Mauna Loa. Persons who arrived on Sunday from the big island on the steamer Maui brought the news. While the steamer was at Kawaihae a telephone message came with the information that Madam Pele was stirring up the embers and that a column of smoke was easily visible above the summit.

Frank Woods and Mr. Hind are reported to have said they had seen the smoke emerging from the upper crater.

## WALTHAM WATCHES

Emerson, the Eminent Philosopher, in an Essay on Eloquence said, in speaking of a man whom he described as a Godsend to his town, "He is put together like a Waltham Watch."

MANUFACTURED AND GUARANTEED BY
